Synopsis: Active for screening of felony charges. A traffic stop was made for an infraction. The driver was discovered to have felony warrants and was later found in possession of a controlled substance. After a K9 sniff of the vehicle, the passenger was found to be in possession of drug paraphernalia and, post Miranda, admitted to drug distribution. The driver was arrested, and the passenger was advised that charges would be screened against him.

Narrative:

On 11/29/2025, while working uniformed patrol for the West Valley City Police Department, I noticed a vehicle operating without functioning license plate lights on Carnegie Tech St and 4695 S. Because of the traffic infraction, I elected to stop the driver and advise them of the equipment violation. I activated the lights on my marked patrol car, and the vehicle stopped at 4574 W 4695 S. The vehicle was a Black 2007 Nissan Altima bearing local plate 8GJW9.

I made contact with the driver and two additional occupants of the vehicle. The driver was identified by name and date of birth as Kevin Alexander Herrera-Torres (DOB: 09/10/2000), the front seat passenger was identified by name and date of birth as Jose Torres (DOB: 11/24/1997), and the rear driver's side passenger was identified by name and date of birth as Jasmin Lopez Gonzalez (DOB: 01/02/1999 | UT DL No.: 225233519). While I was collecting information from the occupants, the front-seat passenger was digging inside a cross-body bag that he had on. Jasmine also said they were coming from her house at 4622 S Carnegie Tech Street, Apt 3.

I checked the driver's information in my police database and located an active warrant out of the Salt Lake City Third District Court for felony two possession of a dangerous weapon by a restricted person (UT)(76-10-503(2)(A) (Warrant Index No.:18666481). Because of the warrant, I had Kevin step out of the car, and I placed him in handcuffs. I put Kevin's hands behind his back and placed my handcuffs on Kevin. I checked the cuffs for fit and placement. Once confirmed, I double locked the cuffs. I searched Kevin's person incident to arrest and located three small baggies with a white powder. The powdered material inside the bag was to consisted of multiple irregular, rock-like chunks displaying white coloration and a dry, brittle texture characteristic of cocaine. Because of this, I seized the suspected drugs. I also located on Kevin's person a green slim, vape pen constructed of green plastic, with a clear cartridge containing an amber-colored liquid suspected to be tetrahydrocannabinol (THC). This item was also seized. Ofc. Wilhelm arrived on scene and conducted an open-air sniff with his K9. Ofc. Wilhelm advised me that I was able to search the vehicle.

In the front passenger seat, where Jose was sitting, was Jose's black cross-body bag. During the search of the bag, I recovered a folded dollar bill with a faint residue of white, powdery particulate matter inside. The substance presented as a thin, chalk-like dust consistent with suspected cocaine.

I read Jose the Miranda warning, and he stated that he understood and began to speak with me. Jose said that he buys meth from a friend. Jose said that he takes the meth that he buys from his friend and sells it to another friend for profit. Jose was very emotional and stated that he didn't want to go to jail.

Charges:

I checked both Jose and Kevin's criminal history for prior convictions that would enhance today's charges. I was not able to locate any convictions that would enhance today's charges.

Because during the investigation, remnants of a controlled substance were located on Jose. Jose subsequently admitted to both distributing and facilitating the distribution of a controlled substance. I believe that there is probable cause to charge Jose with the following:

- Possession of drug paraphernalia (UT) 58-37A-5(1) (MB)

Because three bags of suspected cocaine and a THC vape were located on Kevin, I believe that there is probable cause to charge him with the following:

- Possession of a controlled substance (UT) 58-37-8(2)(A)(I) (MA)
- Possession of Marijuana (UT) 58-37-8(2)(D)

Kevin was placed in Ofc. Thatcher's marked patrol car and Kevin was transported to the Salt Lake County Jail by Ofc. Thatcher. For further information, see Ofc. Thatcher's supplemental report for further information see Ofc. Thatcher's supplemental report.

I advised Jose that I would be screening felony charges against him and to keep an eye out for correspondence from the court. Jose said he would. I released Jose and Jasmin from the stop without incident.

I took the seized items to the West Valley Police Department for packaging, photographing, testing, and booking. The items were tested and weighed. The following are the results:

- Three bags of suspected cocaine: Tested positive
- Folded dollar bill containing suspended cocaine: Tested positive

Ofc. Manriquez witnessed a money count that was approved by Sgt. Fife. The items were processed and secured in an evidence locker.

Officer Actions:

On 11/29/2025, at approximately 2310 hours, Officer Sorg requested K9 assistance on a traffic stop he conducted, specifically for a sniff of the vehicle. I advised dispatch that I was available and en route. Officer Sorg's traffic stop was located at 4574 W 4695 S, West Valley City.

When I arrived, I observed Officer Sorg speaking to the occupants of the vehicle, a Nissan Altima. Officer Sorg then had the driver exit the vehicle and placed him under arrest on a warrant. Once Officer Sorg was done with the arrest warrant, he requested a K9 sniff of the vehicle.

I placed Police Service Dog (PSD) Ace in a starting position, a sit to the rear of the vehicle, before giving him his sniff command. PSD Ace began sniffing the driver side of the vehicle and I observed PSD Ace head check the driver door area and begin to bracket the odor by sniffing back and forth along the driver side of the vehicle. PSD Ace briefly moved to the front of the vehicle before moving back to the driver side, again showing interest in the driver door area. When PSD Ace sniffed the lower left seam of the driver door, I observed PSD Ace give further alerts by freezing, staring, and taking deeper sniffs. PSD Ace then moved into a sit position while staring at the driver door seam, which is his final indication behavior when he detects the odor of narcotics. Based on PSD Ace's behavior, I informed Officer Sorg this was a positive result for the odor of narcotics.

Officer Sorg then searched the vehicle and the arrested driver's belongings. See his report for further details.

Experience and Certifications:

PSD Ace and I have been training and working together since January 4, 2025. PSD Ace is certified

through Utah POST (Peace Officer Standards and Training) as a narcotics detection dog.

PSD Ace is trained and certified to exhibit three separate and distinct behaviors which is consistent with the odor of illegal narcotics being present. First, he exhibits an abrupt and observable change in behavior the moment he recognizes the presence of drug odor (level one alert). Second, he actively and intensely works to pinpoint the source of that odor (level two). Third, he makes a trained final response by, stopping and focusing on the source or strongest point of odor. PSD Ace will focus his nose towards the strongest point of odor, and he will go into a passive indication, which is a freeze, sit, or lay down (level three). I am trained to recognize his body language during all three phases of his search. These behaviors, in combination, do not occur under any circumstances outside of the odor of illegal narcotics. PSD Ace is trained on methamphetamine, heroin, marijuana, and cocaine. PSD Ace and I continuously train weekly for narcotics detection.

This is a summary of the incident for exact details please refer to my BWC

Narrative:

On November 29, 2025, at approximately 2308 hours, I was dispatched to 4574 W 4695 S, West Valley City, UT 84120, to assist Officer Sorg on a traffic stop. Officer Sorg had requested a secondary officer for assistance. Upon arrival, I conducted scene security while Officer Sorg placed the driver under arrest. Officer Sorg informed me that the driver, identified as Kevin Alexander Herrera Torres (DOB: 09/10/2000), had an active warrant for felony possession of a weapon by a restricted person.

After the driver was secured, I ran the information of the two passengers in the vehicle. The first passenger was identified as Jasmin Lopez Gonzalez (DOB: 02/01/1999). Upon checking her information, I found an NCIC listing for full extradition out of California under NIC number W191333225. However, the NCIC entry contained discrepancies, including a misspelling of her last name and a listing that described the individual as male. Officer Sorg advised that we would not arrest Jasmin at this time for the warrant, which was for failure to appear, due to her having an extremely small child with her.

The second passenger was identified as Jose Torres (DOB: 11/24/1994). I did not find any warrants or additional information about Jose during my records check.

Officer Sorg then tasked me with transporting Kevin Alexander Herrera Torres to the Salt Lake County Jail while he proceeded to book evidence at the West Valley City Police Department. While en route to the jail, Officer Sorg contacted me and advised that he still had property belonging to Kevin. I pulled over and waited for Officer Sorg to arrive with the property.

While waiting, I reviewed Kevin's criminal history and found that he had previously been stopped by Immigration Services in Arizona. During that encounter, he provided the name Angel Banegas Funez (DOB: 08/01/2003).

After receiving the property from Officer Sorg, I continued transporting Kevin to the Salt Lake County Jail. Upon arrival, I completed the booking process and confirmed the active felony warrant through UCJIS. Kevin was booked on the felony warrant for possession of a weapon by a restricted person.

This case will be closed. Please refer to Officer Sorg's initial report for further details and disposition.

I acknowledge this report was generated using Draft One by Axon. I further acknowledge that I have reviewed the report in detail, made any necessary edits, and believe it to be an accurate representation of my recollection of the reported events. If needed, I am willing to testify to the accuracy of this report.
